Open Course in the Aarhus International Short-Term Course in Orthodontics

9.30-16.30 TMD & Orthodontics - The State of Art
Professor Ambra Michelotti

19.00-01.00 Event with Stokkebroe Dance

Course & Evening Event

TemporoMandibular Disorder & Orthodontics – The State of Art

by Professor Ambrosina Michelotti

The relationship between orthodontics and temporomandibular disorders (TMD) represents one of the major controversies reported in the scientific literature. Orthodontists should be aware about the multifactorial etiology of TMD and should be instructed regarding the diagnosis of TMD as well as the available tools to manage patients before, during, and after any orthodontic intervention.

Program

9.00	Registration and Welcome
9.30	Lecture
11.00	Coffee break
11.30	Lecture
13.00	Lunch
14.00	Lecture

19.00	Evening Event with Stokkebroe Dance

The course is aimed at Specialists in Orthodontics, Postgraduate Students in Orthodontics, Dentist with interest in TMD, and the Aarhus International Short-Term Course in Orthodontics. Dental hygienists and nurses with a special interest in orthodontics are as well very welcome.

Professor Ambrosina Michelotti graduated in Dentistry (DDS) in 1984 and received the Honorary Degree in Dentistry at the University of Malmo (Sweden) in 2018. In 1991 she's got the degree of specialist in Orthodontics. She is full professor in Orthodontics and Clinical Gnathology. She is director of the post-graduated School in Orthodontics and responsible of the Master course on “Orofacial pain and Temporomandibular Disorders” at the University of Naples Federico II. She has authored or co-authored more than 200 papers published in Italian and international journals, and co-author of several book chapters. She also gave numerous lectures at international congresses. Her research interests are mainly focused on clinical orthodontic, the basic physiology of the jaw muscles, on the etiology, diagnosis and management of temporomandibular disorders and on the relationship between the jaw musculature and orthodontics.

She was the president of the European Academy of Craniomandibular Disorders (2010), President of the Neuroscience group of IADR (2011); President of SIDA (società italiana di disfunzioni ed algie temporomandibolari; 2012-2013); President of the RDC/TMD Consortium at the International Association of Dental Research (2013-2014); President of the Italian Board of Orthodontics (2020-2021), President of the European Society of Oral Physiology (2024), President elected of the SIG-Orofacial Pain di IASP (2026) and President elected of the Italian Society of Orthodontics (SIDO – 2028).

Editor in Chief of the Orthodontic and Craniofacial Research journal, Associate Editor of the European Journal of Oral Science, Associate Editor of the Journal of Oral Rehabilitation, member of the Editorial Board of the European Journal of Orthodontics and referee of several national and international journals.
